

Is your student struggling to learn? Can't remember how to spell or use words? Difficulties with oral and written expression? Can't summarize well or see whole and parts in literature? Difficulties with computations? We can help!

Secret Garden offers online, special education remediation services from the comfort of your home! We use cognitive therapy in conjunction with individualized remediation, administered by our experienced and qualified teachers, using research-based methods in a safe and supportive Catholic environment.

Common learning difficulties we address include:

- Dyslexia and related reading struggles
- Dysgraphia
- Comprehension and memory weaknesses
- Dyscalculia
- ADHD
- Autism spectrum
- Processing difficulties
- Global learning struggles

Programs offered:

The programs we offer fall into several categories, however, the lesson plan is tailored to fit the individual needs of each student and sometimes includes combinations of programs.

- Literacy and comprehension program; understanding, communication and organization
- Reading and decoding; grasping reading, phonics and spelling
- Math program; understanding concepts and/or organization and attention to symbolism

Let us help your student actualize his/her full potential! Contact us at:
